**AFM - Bruker Multimode 5**
Atomic Force Microscope - Bruker Multimode 5

- **Description**
  The Bruker Multimodes 5 is for basic AFM training and imaging in both air and liquid. The Multimode 5 has multiple J, E and A scanners available as well as magnetic force, electrochemical, and environmental capabilities.

- **Configuration**
  - NanoScope 3A controller
  - Nanoscope 5 and 6 software interfaces
  - Windows 7 PC

- **Training**
  Users may request AFM training

- **Location**
  Scanning Probe Lab: GCIS ESB43

- **Contact**
  Qiti Guo
