Independent Study (Reading Course)

With instructor consent students may register for a reading course. Students register for ARTH 29700 or ARTH 49800, depending on their status as undergraduate or graduate students, and choose a section number according to the Registrar's Reading and Research Faculty Listing. Registration for a reading course will require instructor consent. The Department recommends that faculty only take on 1-2 Reading Course students per Quarter, or a total of 3 per year. Of course, it's at the faculty member's discretion.
