Search Box

You can insert a search box that searches for content on your wiki space.

To add a search box:

1. Place the cursor where you want to insert the search box.
2. On the editing toolbar click **Insert > Other Macros...**.
4. Select **Live Search**
5. **Space**: leave blank to set the search for the current space, insert the short space name (Wiki called this the space "Key") of the space you want to search.
6. **All**: check this box (and leave "Space" blank) if you want to search the entire UChicago Wiki.
7. Click **Insert**.
