Welcome to King Lab Wiki

If you are a King Lab member, here you can find information about various lab procedures, How-to articles on setting up and operating some of our equipment, details about codes and programs we use, and resources for candidacy prep, posters and conferences.

This space is still under construction and pages will be added as the lab advances.

Recent space activity

- **Termotek Chiller Notes** created Aug 18, 2020
- **Candidacy Prep** updated Jul 17, 2020
- **ESFG references** updated Jul 17, 2020
- **Question Bank** updated Jul 17, 2020
- **FROG analysis** created Jul 17, 2020
